

Healthy Congregations

Welcome Packet

HEALTHY CONGREGATIONS

ABOUT THE PROGRAM

What is Healthy Congregations?

Healthy Congregations engages Great Plains United Methodist churches in projects to improve spiritual, physical, social, and emotional health in their congregations and communities. The Healthy Congregations program provides training, resources, and financial support to Great Plains United Methodist churches committed to health ministry.

What are the benefits?

- \$1,000 grant upon sign up, which can be renewed annually
- A conference-wide network of congregations doing similar work
- Access to evidence-based programming to bring positive change to the health and wellness of your community and congregation
- Consultation from the staff at the Health Fund
- Special grant opportunities

What are the requirements?

- 1.** You must be a Great Plains Conference United Methodist Congregation.
- 2.** Teams need to have at least three participants.
- 3.** Your team must participate in trainings, conference calls, and programming.
- 4.** Your team must complete the Healthy Congregations Needs Assessment Tool.

How does it work?

- 1.** Form a Healthy Congregations Team – led by a lay member, and with a total of at least three active members.
- 2.** Complete certification - the three course (seven hours total) Core training (available online and in person)
- 3.** Annually, identify health needs, develop a plan for carrying out the team's chosen work, and report on the results of the year's efforts.
- 4.** The Needs Assessment Tool, Plan, and Report forms are all available online at healthfund.org.

PROJECT EXAMPLES

Your annual \$1,000 grant can be used in a variety of ways. Some examples include:

- 1.** Your congregation can fund fitness instructors to lead workouts at church.
- 2.** You can purchase healthy food for church programming, such as vacation bible school, movie nights, healthy snacks during church, or other fellowship events.
- 3.** Funding can be used for church members to take congregates or community members to doctors' appointments, the grocery store, etc.
- 4.** Grant money can supplement special grant opportunities. For example, you can use funds to host a block party to promote neighbor-ing through the Good Neighbor Experiment special grant, blessing of the trees ceremony after receiving the Giving Groves grant, or increasing voter participation by hosting an information session through the Faith in Democracy grant.
- 5.** Funds can be used for spiritual health, e.g., funds can support the card ministry for those who are grieving or shut-in due to health reasons. You could create a walking trail or labyrinth with scriptures posted throughout the walk.
- 6.** You can use funding to lead classes, walking bible study, or book clubs. Grant money could be used to invite a knowledgeable speaker to facilitate conversations and to create safe spaces for conversations on racial equity, mental health, or other social justice concerns.
- 7.** Funds can support collaborative events; for example, if a non-profit is facilitating a live healthy cooking event you can partner with them and use funds to purchase ingredients.
- 8.** Grant money can support seasonal fitness events that pair health and worship, such as walking tours that pray over neighborhoods, walk to Jerusalem, etc.

FREQUENTLY ASKED QUESTIONS

Q. Does our church qualify to join Healthy Congregations?

A. To qualify for the program your congregation must be a Great Plains United Methodist congregation.

Q. How many team members do we need to have certified?

A. Teams must have three certified active members who have completed training within two years of signing up.

Q. Can our pastor be a team member?

A. Pastors are welcome to be on a congregation's Healthy Congregations team; however, pastors cannot be counted as one of the three certified team members.

Q. Upon sign up can we immediately participate in a special grant opportunity?

A. Yes, teams are allowed to immediately participate in our special grant opportunities. However, if a team does not complete certification within 2 years, that congregation must recommit and work toward certification to participate in the program.

Q. What's the benefit of being a Healthy Congregations church?

A. Churches in the Healthy Congregations program will receive a renewable \$1,000 grant upon sign up, consultation with the Health Fund staff, access to our special grant opportunities, and a chance to network with 100+ Great Plains United Methodist Churches at our Intersections in Faith and Health conference and at our annual Healthy Congregations retreat.

Q. How often will we need to submit or review our needs assessment?

A. We require churches to review and update (as appropriate) their needs assessment each year to qualify for the \$1,000 grant renewal. Every five years,

HEALTHY CONGREGATIONS

churches are required to submit a new needs assessment and will receive an additional \$250, totaling \$1,250 of grant funding that year. Due dates are grouped by city name - A-E: 2025; F-J: 2026; K-O: 2022; P-T: 2023; U-Z: 2024.

Q. Our church doesn't currently have a pastor. Does this disqualify us from participating?

A. No, this will not disqualify Great Plains United Methodist Churches. If you are a new team wanting to sign up as a Healthy Congregations church, we will require that the District Superintendent sign in place of the Pastor.

Q. When should we expect our first grant check after signing up?

A. Please allow 2-3 weeks to receive your grant check in the mail. If after three weeks you have not received it, please let us know.

SPECIAL GRANT OPPORTUNITIES

The Big Garden

The Big Garden special grant opportunity is for congregations that are interested in increasing access to healthy foods in their community.

The Big Garden allows churches to build relationships with their communities and local food banks by developing community gardens and providing education on hunger.

Grant recipients will receive up to \$2,700 for garden infrastructure such as:

- raised beds
- fencing
- garden shed
- water irrigation
- tools

Bike Share in a Box

Healthy Congregations interested in this opportunity are passionate about breaking down transportation barriers and providing a fun alternative for physical activity.

Each participating church will receive:

- five bikes
- a bike rack
- bike locks
- waivers
- signage for the community
- technical assistance

HEALTHY CONGREGATIONS

Faith in Democracy

One of the strongest ways to ensure healthy communities is for each person to be engaged and to have a voice. Faith in Democracy is a nonpartisan relationship-based program focused on increasing voter turnout. This grant provides tools to support Kansas Healthy Congregations in ensuring their congregations and community members can access the polls.

Grant participants will receive:

- digital resources
- worship resources/sermon guide
- regular information on how to support members in registering to vote, finding their polling place, and knowing what is on their ballot.

Financial Health-Take Control Collaborative Training

Is your Healthy Congregations team ready to move beyond short-term crisis assistance and start helping your congregation and community create sustainable financial wellness?

This training is comprised of four, 3-hour sessions that will provide faith leaders training to promote financial wellness through client-centered behavior-based education, that will help your congregation and community members reach their financial goals through healthy decision making.

Healthy Congregation churches will receive virtual training and coaching as well as curriculum in the coaching model developed by Interfaith Housing & Community Services.

The Giving Grove

Healthy Congregation churches interested in making sure that their community has access to healthy calories should consider this special grant opportunity.

The Giving Grove grant provides:

- up to ten fruit trees
- all materials and tools needed for planting day
- ongoing support and training to ensure the success of their orchards

Orchards typically take three years to produce fruit. When it's time for harvest, a percentage of the produce is given away—hence The Giving Grove!

Good Neighbor Experiment

This opportunity is for churches who want to engage their community as neighbors.

Healthy Congregation churches who participate in this nine-month-long learning cohort will receive training rooted in the practices of Asset-Based Community Development and Christian Faith.

The process includes:

- three in-person or virtual workshops
- four action-based “labs” of small group materials each six weeks long
- congregational coaching for churches

HEALTHY CONGREGATIONS

Mental Health First Aid

Healthy Congregation churches who participate in the Mental Health first Aid Training (MHFA) special grant opportunity learn the risk factors and warning signs for mental health and addiction concerns, strategies for how to help someone in both crisis and non-crisis situations, and where to turn for help. Additionally, MHFA teaches congregations and communities about *recovery* and *resiliency* – the belief that individuals experiencing these challenges can get better and use their strengths to stay well.

Congregations and Communities will receive a one-day, 6.5-hour virtual

training– open to all individuals from existing Healthy Congregations churches, the MHFA training manual, and technical assistance.

Summer Food Service Program

Healthy Congregation churches interested in the Summer Food Service Program (SFSP) want children to continue receiving nutritious meals during summer break and unanticipated school closure. A church will receive up to \$2,000 to go toward:

- Start-up costs for new programs
- Expanding: sites, meals served, or number of months meals are served
- One-time resource expenses
- Strengthening the existing site’s work or increasing numbers served: strengthening partnerships, providing programs/activities, alleviating transportation barriers, partnering with

Kansas Food Bank to provide “food backpacks” for weekend meals

ABOUT

The United Methodist Health Ministry Fund is a statewide health foundation that facilitates conversation and action to improve the health and wholeness of Kansans—especially those in rural and under-served communities. Through funding programs and ideas, providing hands-on expertise, and convening influencers, the Health Fund advances innovative solutions to improve Kansans' health for generations to come. Located in Hutchinson, Kansas, the Health Fund has provided more than \$75 million in grants and program support since its inception in 1986.
